Description of and Instructions for taking the *Maxwell-Martin Multiple intelligences Career Pathfinder test*[™], aka, *The Genius Finder Test*, are found at www.geniusdiscoveryacademy.com. This untimed test requires high speed internet connection, isolation, and about 90 minutes of concentrated thinking. This test predicts the career in which the examinee is most likely to be distinguished and happy, with appropriate hard work, of course. And, the test gives one a more culture-neutral, changeable IQ score than others. The Genius Finder™ offers advice on how to improve all 21 types of thinking skills sampled. The Genius Finder™, unlike other IQ tests, may be re-taken several times. The regular cost is \$99.95. 100% refund if not fully satisfied.
